

DAY 1 13 MARCH 2024, WEDNESDAY			DAY 2 14 MARCH 2024, THURSDAY			DAY 3 15 MARCH 2024, FRIDAY	
APM EXHIBITION LEVEL 1 - HALLS A, B, C BASEMENT 2 - HALLS D, E, F 10AM — 6PM			APM EXHIBITION LEVEL 1 - HALLS A, B, C BASEMENT 2 - HALLS D, E, F 10AM — 6PM			APM EXHIBITION LEVEL 1 - HALLS A, B, C BASEMENT 2 - HALLS D, E, F 10AM — 5PM	
MAIN STAGE LEVEL 1, HALL A	INNOVATE STAGE LEVEL 1, HALL C	EVENTS	MAIN STAGE LEVEL 1, HALL A	INNOVATE STAGE LEVEL 1, HALL C	EVENTS	MAIN STAGE LEVEL 1, HALL A	INNOVATE STAGE LEVEL 1, HALL C
10.30AM Opening Ceremony <i>All are welcome</i>				10.30AM Thought Leadership by Highlander <i>Advertorial</i> Hosted by 	10AM CMC Marine Fin Stabilizers From Italy Event Square @ Basement 2 <i>(by invitation only)</i> Hosted by 	10.30AM Effective Pandemic Mitigation and Lessons Learned: Fortifying the Maritime Sector Against Future Disruptions	10.30AM Exploring the Role and Advancements in Onboard Carbon Capture (OCC) Technology and Assessing its Impact and Integration Within Broader Maritime Decarbonisation Strategies 
	11AM Thought Leadership by Highlander <i>Advertorial</i> Hosted by 	11AM Advancing Emission Compliant Marine Lubricants in the Decarbonization Era Event Square @ Basement 2 Hosted by  	11AM Shipping Outlook for 2024 and Beyond - What Lies Ahead	11AM Spotlight on UK - Innovation Insights: UK Technology Driving Maritime Change <i>(by invitation only)</i> Hosted by 			10.50AM Carbon Capture: What it is All About and Where it Fits into the Wider Maritime Decarbonisation 
11.15AM Keynote Panel: A Net Zero Carbon Maritime Industry – Will We Ever Get There?	11.30AM Spotlight on Norway - Norwegian Innovations: Pioneering Green and Sustainable Maritime Solutions <i>(by invitation only)</i> Hosted by 		11.30AM Forecasting Ship Charter Rates and Examining the Various Factors Influencing It			11.30AM Integration of AI in the Maritime Workforce: Augmenting Efficiency and Decision-Making	11.30AM Presentation on Alternative Marine Fuels 
12.30PM Future of Vessel Classification - How Classification is Evolving to Support Innovation and Sustainability	12.30PM Facilitating Smart Vessel Operations by Leveraging on Maritime Data Analytics 		12PM Report Card: Has AI and Machine Learning Gained its Desired Impact in the Maritime Sector?	12PM Addressing Emerging Threats and Future Mitigation Strategies			12PM Rise of Green Ammonia: What is Needed to Make it a Success?
	1PM Utilising Drones in Maritime Inspection to Save Time and Reduce Costs 		1PM Is the Maritime Sector Struggling to Innovate?	1PM Bureau Veritas' Updated Cyber Security Rules for Classification of Marine Units		12.30PM Seafarers' Sanctuary: Nurturing Well-being at Sea	1PM The Case for Hydrogen: Overcoming Infrastructure and Supply Challenges and Identifying Opportunities for Implementation and Investment 
1.30PM Exploring the Potential of Green Steel and Material Circularity in Creating a Sustainable Shipping Sector	1.30PM Mordec Mooring System Management Plan – User's Handbook 			1.30PM Spotlight on Norway: Norway's Maritime Solutions: Navigating the Digital and Green Frontier - by Norwegian Exhibitors <i>(by invitation only)</i> Hosted by 			1PM Presentation by Methanol Institute 
2.30PM Vessel Hybridisation and Electrification – Case Study and Routes to Success	2PM Leveraging on Maritime Digital Platforms to Optimise Vessel Operations, Improve Efficiency and Reduce OPEX						2PM Presentation by Methanol Institute 
2.50PM Is Electrification the Way Forward? What is Needed to Develop a Sustainable Framework?		2.30PM Volvo Penta IPS platform Event Square @ B2 <i>(by invitation only)</i> Hosted by: 	2.30PM Creating Meaningful and Game-Changing Maritime Tech Innovation – How Do We Go About Doing It?	2.30PM Unlocking The Future of Broadband at Sea: How Multi-Orbit Connectivity Is Propelling Maritime Forward All are welcome 2.45PM - Maritime Seminar & QA 4.15PM - Networking Reception Happy Hour Organised by Alan Gottlieb, Editor & Publisher of Satellite Mobility World Sponsored by       Hosted by 	2.30PM Nantong Jiangsu Networking Event Event Square @ Basement 2 <i>(by invitation only)</i>	2.30PM Developing a Future-Ready Maritime Workforce	2.30PM Addressing Legal Disputes in the Maritime Industry
3.30PM Green Shipping Corridors: Fostering Eco-Friendly Transportation Networks	3PM Alternative Fuels for Decarbonization of Shipping - The Safety Requirements 						
	3.30PM Innovation Solutions for Repair & Strengthening of Piles and Seawalls 		3.30PM Additive Manufacturing: Is it Time for Mainstream Adoption and What Benefits does it Bring?				
4.30PM Clean Energy Transition in Shipping: Optimising Strategies, Hitting IMO Targets and Balancing Profitability	4PM Navigating a Greener Future by Using “Light-weight, Fire-safe & Sustainable Insulation Solutions” 	3PM Networking Event Booth E-P26, Basement 2 <i>All are welcome</i> Hosted by: 					
	4.30PM Maximizing Tax Benefits for Malaysian Shipping Company Through Labuan & UAE 		4.30PM The Role of Maritime Insurance in Supporting Sustainable Maritime Development				
5.30PM APM & FSRU Asia Summit 2024 Industry Networking Event <i>All are welcome</i>  	5PM Spotlight on The Netherlands - No Guts, No Glory! The Bold Maritime Ambition of The Netherlands <i>(by invitation only)</i> Hosted by 				5PM SIEMENS Energy Networking Reception Event Square @ Basement 2 <i>(by invitation only)</i> Hosted by
