10.30AM Opening Ceremony <i>All are welcome</i>					10.30AM Transformation of Highlander Marine (Asia-Pacific) Pte Ltd <i>Advertorial</i> <i>This session will be conducted in Mandarin</i> Hosted by:	10AM CMC Marine Fin Stabilizers From Italy Event Square @ Basement 2, Hall F <i>All are welcome</i>  Hosted by:	10.30AM Effective Pandemic Mitigation and Lessons Learned: Fortifying the Maritime Sector Against Future Disruptions  <i>ALTERNATIVE FUELS</i>	
11.15AM Keynote Panel: A Net Zero Carbon Maritime Industry – Will We Ever Get There?	11AM Transformation of Highlander Marine (Asia-Pacific) Pte Ltd <i>Advertorial</i> Hosted by:	11AM Advancing Emission Compliant Marine Lubricants in the Decarbonisation Era Event Square @ Basement 2, Hall F <i>All are welcome</i>  Hosted by:	11AM Shipping Outlook for 2024 and Beyond - What Lies Ahead	11AM Spotlight on UK - Innovation Insights: UK Technology Driving Maritime Change  Hosted by:			10.50AM Carbon Capture: What it is All About and Where it Fits into the Wider Maritime Decarbonisation Efforts  <i>ALTERNATIVE FUELS</i>	
12.30PM Future of Vessel Classification - How Classification is Evolving to Support Innovation and Sustainability	11.30AM Spotlight on Norway - Norwegian Innovations: Pioneering Green and Sustainable Maritime Solutions  Hosted by:		11.30AM Forecasting Ship Charter Rates and Examining the Various Factors Influencing Them			11.30AM Integration of AI in the Maritime Workforce: Augmenting Efficiency and Decision-Making	11.30AM Making Marine Propulsion Greener: Is Hydrogen the Answer?  <i>ALTERNATIVE FUELS</i>	
	12.30PM Safety and Compliance Through Digitalisation  <i>DIGITAL TOOLS</i>		12PM Report Card: Has AI and Machine Learning Gained its Desired Impact in the Maritime Sector?	12PM Addressing Emerging Threats and Future Mitigation Strategies			12PM Rise of Green Ammonia: What is Needed to Make it a Success?  <i>ALTERNATIVE FUELS</i>	
1.30PM Exploring the Potential of Green Steel and Material Circularity in Creating a Sustainable Shipping Sector	1PM Utilising Drones in Maritime Inspection to Save Time and Reduce Costs  <i>DIGITAL TOOLS</i>		1PM Is the Maritime Sector Struggling to Innovate?	1PM Bureau Veritas' Updated Cyber Security Rules for Classification of Marine Units		12.30PM Seafarers' Sanctuary: Nurturing Well-being at Sea	1PM The Case for Hydrogen: Overcoming Infrastructure and Supply Challenges and Identifying Opportunities for Implementation and Investment  <i>ALTERNATIVE FUELS</i>	
1.50PM Indonesian Maritime Future Energy – Opportunities and Challenges	1.30PM Mordec Mooring System Management Plan – User's Handbook  <i>DIGITAL TOOLS</i>			1.30PM Spotlight on Norway - Norway's Maritime Solutions: Navigating the Digital and Green Frontier - by Norwegian Exhibitors  Hosted by:			2PM Methanol: A Future Proof Fuel  <i>ALTERNATIVE FUELS</i>	
2.30PM Vessel Decarbonisation - Use Cases for Methanol Fuel Cell and Electrification	2PM Leveraging on Maritime Digital Platforms to Optimise Vessel Operations, Improve Efficiency and Reduce OPEX		2.30PM Volvo Penta's Approach To Electromobility & Alternate Fuel Event Square @ Basement 2, Hall F <i>by invitation only</i>  Hosted by:	2.45PM Unlocking The Future of Broadband at Sea: How Multi-Orbit Connectivity Is Propelling Maritime Forward <i>All are welcome</i>  2.45PM - Maritime Seminar & Q&A 4.15PM - Networking Reception Happy Hour  Sponsored by:   Hosted by:	2.30PM Promotion of Nantong Shipbuilding Industry and Market Matching Meeting Event Square @ Basement 2, Hall F <i>by invitation only</i>  Hosted by:	2.30PM Developing a Future-Ready Maritime Workforce	2.30PM Addressing Legal Disputes in the Maritime Industry	
2.50PM Is Electrification the Way Forward? What is Needed to Develop a Sustainable Framework?								
3.30PM Green Shipping Corridors: Fostering Eco-Friendly Transportation Networks	3PM Alternative Fuels for Decarbonisation of Shipping - The Safety Requirements  <i>SHIP DESIGN &amp; OPERATIONS</i>		3.30PM Additive Manufacturing: Is it Time for Mainstream Adoption and What Benefits does it Bring?			3PM Networking Event Booth E-P26, Basement 2 <i>All are welcome</i>  Hosted by:	3.30PM Diversity and Inclusion in the Maritime Workforce: Fostering a More Equitable and Inclusive Industry  Organised by:	3.30PM Accelerating Green and Smart Ports Deveopment Through Eco-system Development
	3.30PM Innovation Solutions for Repair & Strengthening of Piles and Seawalls  <i>SHIP DESIGN &amp; OPERATIONS</i>							
4.30PM Clean Energy Transition in Shipping: Optimising Strategies, Hitting IMO Targets and Balancing Profitability	4PM Navigating a Greener Future by Using “Light-weight, Fire-safe & Sustainable Insulation Solutions”  <i>SHIP DESIGN &amp; OPERATIONS</i>		4.30PM The Role of Maritime Insurance in Supporting Sustainable Maritime Development			5PM Siemens Energy Networking Reception Event Square @ Basement 2, Hall F <i>by invitation only</i>  Hosted by:		
5.30PM APM & FSRU Asia Summit 2024 Industry Networking Event <i>All are welcome</i> 	5PM Spotlight on The Netherlands - No Guts, No Glory! The Bold Maritime Ambition of The Netherlands  Hosted by:
